### Bed MadeEZ

PRODUCT	SKU#	CASE QTY.	CASE WEIGHT	CASE SIZE
Bed MadeEZ	11151	12	9 lbs	16 X14 X8

Made of a friction resistant, durable polypropylene, the **Bed MadeEZ** eliminates repeated lifting and alleviates strain to the back, shoulders and neck when changing linens.

With an ergonomic design it effortlessly lifts the mattress as the device is inserted between the mattress and box spring. The mattress rests safely in an elevated position on the lifter's ledge giving ample working room to tuck in sheets, blankets and other bedding. It smooths sheets and makes removing sheets or applying a bed skirt a breeze.

The **Bed MadeEZ** is a sustainable product made in the USA and has a lifetime warranty.
